STARTUP EXPERIENCE

STAANCE (2011-2014)

- Working with 2 former mobile executives and an engineer, I was the initial investor, earliest executive, and visionary in a social media start up.

- Staaance, the equivalent of a Tinder for current events, is a central repository of opinions where you can agree or disagree on issues you care about.

- Technologies: Javascript and Scala

RKP (2001-2011)

- Built my first company at 20 years old with an email list, some coding skills, and help from friends.

- Over the next 10 years, the company grew into the largest portal for South Asian events on the West Coast with over 10,000 subscribers & threw over 100 events with over 300,000 attendees.

- Technologies: HTML, PHP and Javascript

- Lucent, Microsoft, ESS Technologies

MANAGEMENT CONSULTING

- Warner Bros., KPMG, Pace Harmon Consulting

TESTING INTERNSHIPS
